

THE MOST URGENT SOCIAL JUSTICE ISSUE OF OUR DAY:

Establishing for the nations and individuals locally, financial independence from the current monetary system of rising debt, taxation and poverty!

Discover how one of the greatest crimes of all human history has been perpetrated on nations and its people on an ever increasing scale over the last 200 years. Discover how the International bankers, the great whore of Babylon (very clearly described in Revelation 17-18 as the *economic system* in control over the nations) has enslaved the nations and destroyed million by indebtedness and poverty. When the Anti-Christ gets a hold of this system, and he most certainly will (Rev.17:16-18!), Hell itself will descent upon the world. Will you survive his financial stranglehold? John records the call of Heaven for God's people to "come out of her My people, that ye be not partakers of her sins and that you receive not of her plagues." You will not survive, if you do not find the way God is providing to extract yourself from this system that will soon end up in full control of the very souls of millions! (Rev. 13:11-18)

THE URGENT NEED: That God's people prepare to establish their own financial independence on a local level through their own locally established *debt-free "banks"* with the use of simple cards (rather than money) to exchange goods and services, as it is being successfully done now in many countries. This should begin in the impoverished areas of our cities where there is already high unemployment and could be implemented throughout the various church communities. **The urgent need now is the education of God's people. Information needs to be placed in the hands of key people in all our churches.**

A MOST IMPORTANT PERSPECTIVE: While we are becoming aware of the absolutely incredible magnitude of this situation and you begin to see how Satan has used men to build for himself a means by which he will attempt enslave the entire world and destroy it through the Anti-Christ, we must above all understand that this crisis and the message God's people through His Holy Catholic Church will be providing mankind, will produce the greatest spiritual awakening and revival and turning back to God the world has ever seen. *And not only has the Catholic Church the answer to this crisis, it is the only institution in the world in any position to do anything about it!* Further, we cannot forget that *God has allowed this incredible conspiracy of Evil to develop that mankind will see what his sin has allowed in the world that he may become enlightened by the experience and find his way back to the glorious truth of the complete Gospel of Christ, and His Church and the glory and joy of reconciliation and true liberation from sin and ignorance. It will be through its greatest battle yet, that the Church as one Body, having finally become the fold of all believers in Christ, will experience its greatest glory. For the first time in human history all mankind for a period of time will become united in faith, hope, and love – in the one Church Christ established (Isaiah 65:17-25).*

The Catholic Apostolate, **The Pilgrims of St. Michael** are spearheading the promotion of this social justice issue and both its national and local level solution called Social Credit worldwide. We urge you to explore *and circulate* the very readable literature on not only the nature of this world wide crisis but how a locality or community can survive and thrive independently of the present financial institutions.
