Dear SOC supporters,

The following investigative report on the Diocese of Cleveland by the Cleveland Right to Life has, to me, presented all the evidence any conscientious Catholic needs to conclude that this diocese, as a diocese, is wholly in the controlling hands of those in rebellion against the Church, its most inviolate teachings and thus in open rebellion against Christ Himself. This diocese thus is simply not in union with the Church at Rome, or in union with the true Roman Catholic Church. It is schism and worshipping an alien god. **For any Catholic to speak of *any right to Abortion* except to save the life of the mother is to disown the name Catholic and makes one complicit in the crime of murder, and murder in its most heinous form.** This murder is perpetrated upon the most innocent and helpless. And for this Diocese to be in the controlling hands such advocates of such illicit "rights" means this Diocese is in the hands of criminals plain and simple. This means that it is impossible for us to call ourselves conscientious Catholics and continue to support this Diocese without the blood of these very crimes of abortion being upon our own hands and becoming part of that very rebellion against the Church and its Christ that these criminals are promoting.

It is not necessary to determine whether our present Bishop has simply capitulated to this criminal element or is part of it. HIS SILENCE ON THESE CRIMES OF HIS OWN STAFF AND PRIESTS UNDER HIM ADVOCATING RIGHTS TO MURDER MEANS HIS OWN HANDS ARE FILLED WITH BLOOD WHETHER HE PERSONALLY OPPOSES ABORTION OR NOT. Whether he is a Pilate or a Caiaphas makes no difference ON THE MATTER OF SUPPORTING THIS DIOCESE. Both were guilty of the murder of another innocent. It's time to call crime a crime and a criminal a criminal; and complicity to crime is itself a crime and therefore this diocese is run by criminals. We must honestly face the fact that there are two *completely separate* Churches that call themselves Catholic. One is clearly in the hands of Anti-Christ while the other belongs to Christ and His Vicar in Rome; and these two are at war; a war that is far more real and with much higher stakes than our present war against terrorism. We have given the present Bishop an opportunity to see if he could reclaim this Diocese for the true Church and Christ. That has not happened. As for me, I can no longer support the anti-Christ who are in control of this diocese.

We need to direct all our giving to parishes and priests in this diocese that are loyal to Christ and His Vicar. This means we can no longer use the regular envelope system where part of the money goes to the Diocese. If you have a parish that's part of the true Church ask your priest how you can support your local parish only. If your parish is not loyal to the Holy Father find a parish that is and send your money there. **And make sure drop in your Sunday morning**
